PROFESSIONAL EXPERIENCE

INFOSIYA

Project Manager – IT Services & Digital Solutions
Noida / Remote | 2 Years 2 Months

- Managed end-to-end IT and digital projects, including website development, WordPress, Shopify, e-commerce, custom web applications, SEO, digital marketing, graphics, and motion graphics services.
- Handled project planning, requirement gathering, task allocation, scheduling, execution, monitoring, and final delivery.
- Coordinated with developers, designers, SEO specialists, content teams, and other resources to ensure smooth project execution.
- Communicated directly with clients to understand business requirements, provide project updates, resolve issues, and maintain strong client relationships.
- Prepared project timelines, monitored milestones, followed up on pending tasks, and ensured deliverables were completed within agreed deadlines.
- Managed multiple projects simultaneously while maintaining priorities, quality standards, and client expectations.
- Coordinated website development projects from requirement gathering and planning through development, testing, deployment, and post-delivery support.
- Managed WordPress, Shopify, WooCommerce, and other e-commerce projects according to client requirements.
- Oversaw SEO and digital marketing activities, including on-page SEO, off-page SEO, content optimization, analytics, and performance monitoring.
- Coordinated custom web development and third-party integrations to ensure required functionality and smooth system performance.
- Managed creative projects involving graphics, motion graphics, video content, Photoshop, Illustrator, After Effects, and Premiere Pro.
- Identified project risks, technical issues, and delivery challenges and coordinated with the relevant team members to resolve them.
- Maintained project documentation, task updates, client communications, and delivery status reports.
- Supported clients after project completion by coordinating maintenance, troubleshooting, website updates, and other IT service requirements.
- Managed remote and international client projects while maintaining regular communication and delivery schedules.
- Ensured projects were delivered according to agreed scope, requirements, timelines, and quality expectations.

PREVIOUS EXPERIENCE

Finedge

Web & Project support
Remote | Dec 2023 – May 2024
